[Chiropractor Photos at New Beginnings New Jersey](#)

planetc1.com-news@ 10:48 am PST

Glad I decided to pack my heavy Canon EF 24-70mm f/2.8L lens along with my Canon EOS Digital Rebel XSi camera when I went to New Jersey for New Beginnings this past weekend. As I typically do at chiropractic conferences (and even [search engine optimization conferences](#)) I took lots of photos. I have found over the past 15 years, that if I don't upload those photos soon after they're taken, they disappear somewhere into the abyss of my hard drives and backup media.

[New Beginnings October 2010 Long Branch NJ](#)

planetc1.com-news@ 9:59 am PST

October 2010 was kicked off with the one and only New Beginnings Chiropractic Philosophy Seminar, taking place in Long Branch, New Jersey. The five-day chiropractic philosophy weekend began on Wednesday and concluded on Sunday, October 3. Chiropractors from the East Coast, from the West Coast, from the South, from the Midwest, from Canada, and from other parts of the globe, were in attendance for the passion filled event.

Monday, October 04, 2010

[Chiropractic Care in the Military](#)

planetc1.com-news@ 1:19 pm PST

Life Chiropractic College West is honored to welcome Brigadier General Rebecca "Becky" Halsted, who will speak at our Friday Seminar on October 15. She is an avid, outspoken supporter of chiropractic care. General Halstead is currently on a media tour where she advocates expanding the availability of chiropractic care to all military personnel and their families.

One of the provisions in the nation's new health law, the Patient Protection and Affordable Care Act of 2010, authorizes the creation of an autonomous Patient-Centered Outcomes Research Institute (PCORI) as a nonprofit corporation that is not "an agency or establishment of the U.S. Government." In an announcement today by the U.S. Government Accountability Office, Palmer College of Chiropractic's Vice Chancellor for Research and Health Policy Christine Goertz, D.C., Ph.D., was appointed to the Board of Governors of PCORI.

school students. Sixty-five rising ninth through rising twelfth graders came to the Marietta campus July 13-16, from as far away as Korea to learn technique and strategy from the coaches and players on the Life University team. The camp sold out so quickly, that Life is planning to have at least two camps sessions in the summer of 2011.

### Developing a Chiropractors Adjusting Space

I'd recommend for anyone developing any sort of service based business location to visit businesses in your geographical area that are outside of your professional niche. For example, visit your local Starbucks. Bring along a notepad

and take some notes paying particular attention to the things that would cross over to your industry such as parking, ease of access from the front door to the point of payment, entrances and exits, efficient use of space, etc. **Read the article:** [Chiropractic Office Design](#)

### [Scoliosis & Chiropractic](#)

#### **A young mans story of chiropractic care**

The story of a mother, her children, a spinal condition known as Scoliosis, and an old saying... "You never know how far reaching something you may think, say, or do today, will affect the lives of countless millions tomorrow."

**Read the article:** [Scoliosis Chiropractic](#)

---

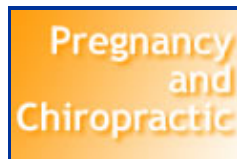

### [Principled Chiropractors Correct Subluxation](#)

As principled Chiropractors, you've participated in many debates and discussions regarding semantics within our profession. The most common is the difference between using the words "adjustment" and "manipulation." Knowing that manipulate means "to control or influence cleverly, unfairly, or unscrupulously" certainly steers us away from using the word to describe anything about our beloved craft.

**Read the article:** [Chiropractors Subluxation](#)

---

### [Chiropractic and Pregnancy](#)

#### **Care for pregnant moms**

As I write this today, two of our beautiful practice members are awaiting the arrival of new additions to their families. Adjusting women through pregnancy is one of the most rewarding parts of our work, because a healthier pregnancy means an easier labour and delivery, and a better transition for the baby into this life.
